JUROR'S WIFE ILL MAY STOP TRIAL OF THAW

Celebrated Case Surprisingly Like The Dickerson Trial

[By Telegraph to The Age]

New York, Feb. 13—Court adjourn-d until 2:15 Wednesday in the Thaw ase.

New York, Feb. 13—The wife of oseph H. Bolton, one of the Thaw urors, was stricken with pneumonia, st night. It will delay the trial to-ay and may cause a new trial.

The illness of the juror's wife was severe that he was taken from e Broadway Central hotel to her dside. The law forbids that one ror be separated from the others d therefore Deputy Sheriff Ricketts lected two other jurors and Bailiffs avanaugh and O'Brien to go to the ck woman's home with her husband

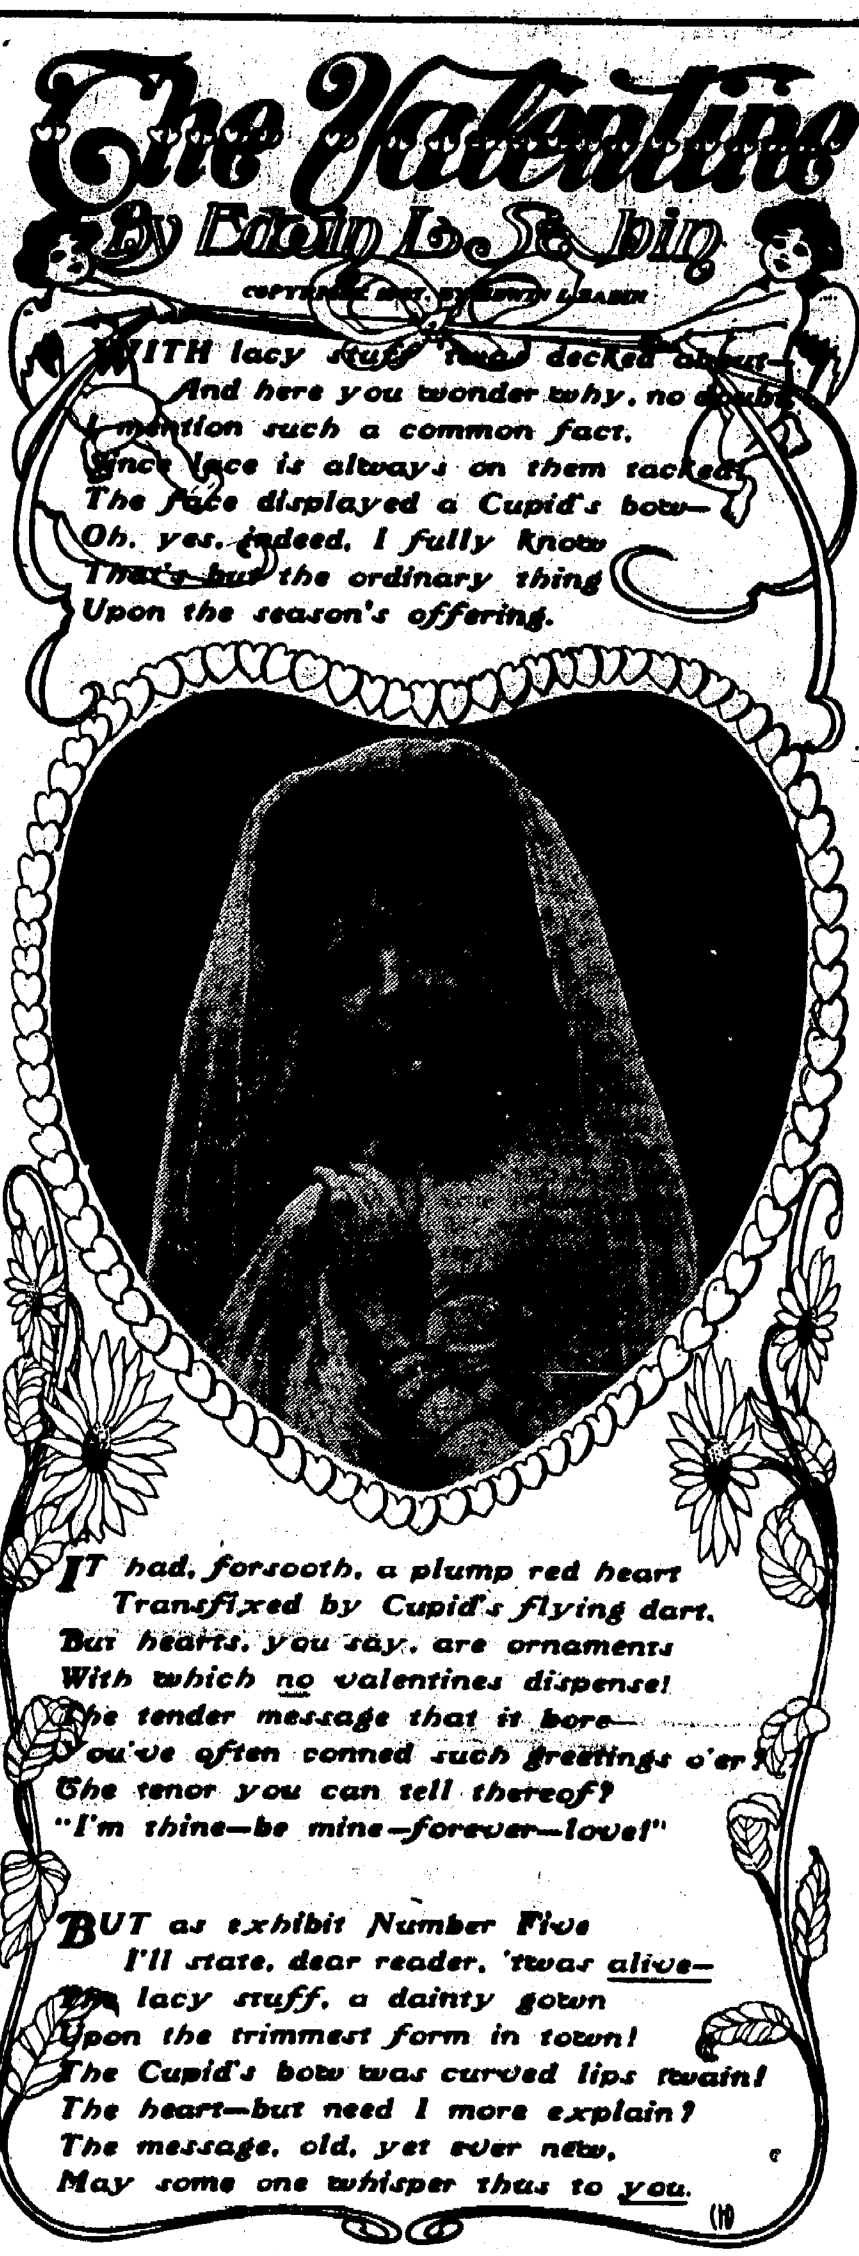
New York, Feb. 13.—Dr. Britton vans, superintendent of the state ospital for the insane at Morris lains, N. J., was a witness for the efense in the Thaw case. He testi-ed that he was of the opinion that arry Thaw was insane at the time the tragedy. He had been called on to answer a long hypothetical estion in which reference had been ade to "a serious if not a capital eration" upon Miss Nesbit, when a orm broke between the counsel.

Attorney Delphin Delmas took excep-ons to certain statements of District ttorney Jerome, and had inserted the record of the case a protest ainst "the misconduct of the learned strict attorney." Mr. Jerome hotly cused the defendant's counsel of ying to instill into the minds of the ry the implied suggestion that the eration performed upon Evelyn Nes- in 1903, before Thaw took her to rope, was "of a criminal nature," en, "as a matter of fact," he said, was for appendicitis."

Justice Fitzgerald did not rule out y of the district attorney's remarks fore the jury, and Mr. Delmas took re to have every exception he made eriously noted." Mr. Jerome won point and the words "serious if not pital," as defining the operation, re withdrawn by Attorney Delmas. ring the tilt Mr. Delmas inquired the district attorney as to how he ne into possession of knowledge as the character of the operation upon ss Nesbit without a violation of a nfidence. Mr. Jerome said he had en told of it by Miss Nesbit's moth-

It thus became known for the t time that the district attorney is possession of a long statement by s. Holman, who now is in Pittsburg, who, it has been reported, might called as a witness by the state in uttal.

Dr. Evans was by far the most sat-ctory expert witness for the de-se so far produced. He detailed to jury his observations and exam-tions of Harry Thaw during eight its to the prisoner in the Tombs, declared it to be his opinion that w was suffering from "a brain rm or an explosive or fulminating dition of mental unsoundness" at time he shot and killed Stanford ite. Dr. Evans declared that the ntal explosion which had induced w to kill Stanford White had left traces upon the defendant when first visited him. He said Thaw ex-ited symptoms of paranoia and ado-ent insanity. The first was indi-d by his exaltation, his "exagger-l ego"—the idea of his supreme ortance. The adolescent insanity due to heredity, and is character-to the development period of life. Evans declared Thaw's mind had ped its moorings and was like a without a rudder in a windstorm. eals of stress had added their k to the psychopathic taint which e from heredity. Dr. Evans de-ed that as a result of his first e visits to Thaw following the edy he was convinced that the was of unsound mind. As the re-of his last visits he found that, e still suffering from a somewhat gerated opinion of self-impor-e, he was much improved. The rovement was not stationary dur-this time, he said, but progressive. testimony was brought out in [illegible]



The Valentine

WITH lacy stuff 'twas decked about—
And here you wonder why, no doubt,
I mention such a common fact,
Since lace is always on them tacked.
The face displayed a Cupid's bow—
Oh, yes, indeed, I fully know
That's but the ordinary thing
Upon the season's offering.

IT had, forsooth, a plump red heart
Transfixed by Cupid's flying dart.
But hearts, you say, are ornaments
With which no valentines dispense!
The tender message that it bore—
You've often conned such greetings o'er!
The tenor you can tell thereof?
"I'm thine—be mine—forever—love!"

BUT as exhibit Number Five
I'll state, dear reader, 'twas alive—
The lacy stuff, a dainty gown
Upon the trimmest form in town!
The Cupid's bow was curved lips twain!
The heart—but need I more explain?
The message, old, yet ever new,
May some one whisper thus to you.

Ben Dickerson at Odd Feast

Coshocton Man to See Castor go to Death Chair Thursday Night

Ben Dickerson will have the unpleasant sensation of seeing a fellow prisoner taken to the death chair Thursday night—the first one from the annex to go to the chair since Dickerson's incarceration last June. In fact before this Dickerson himself would have gone to the chair had it not been for the action of the courts. His death date was last Sept. 18.

The man to go to the chair is Frank Castor, the young fellow found guilty of having killed a Columbus policeman who caught him in the act of burglarizing a house. Castor has been in the annex 14 months and was at first defiant and said he would never go to the chair. A long fight in the courts has followed and at last hope is given up and he will be taken to the chair Thursday night just after midnight — technically Friday morning.

Ben Dickerson is going to have an unpleasant experience, watching the preparations. It is the custom of the prison to serve the man who is to die with a great feast the night before his death. He can have almost anything he wants on the bill of fare and they generally choose a big chicken dinner. The other men in the annex are asked to partake, and they all make a gruesome meal of it. The annex is one common room and whatever preparations are made, [illegible] and generally the fellow-prisoners nervously pace up and down the cell. It is merely a premonition of what is coming to each one of them.

Shave His Head

Shortly before midnight the priest comes in and prays with the condemned man and devotional services are held. He is superceded by the prison barber who arrives with his razor and shaves a round spot on the top of the prisoner's head, about three inches across. This is where one of the electrodes is placed when he gets into the chair.

Then the man is fitted out with a new suit of clothes, the last gift of the state. One trouser leg is slit, and also the leg of his underwear, that another electrode may be placed against the bare skin. All is ready.

"Good Bye Fellows"

He takes leave of his fellow prisoners, and shakes each one by the hand. They bid him good bye, and the guard marches him out of the door just as the prison clock finishes striking twelve o'clock. The iron door clanks and the bolts are thrown back into place, and while Castor, Thursday night, is being fastened into the chair, Ben Dickerson and the other five will be nervously pacing up and down the cell, their brains in a whirl and vision blurred by the almost visible approach of the awful death angel.

ALWAYS FEARED FATAL PLACE

Brakeman Loses His Leg Near The W. V Tower

William Ferguson, a brakeman on an east bound freight train on the Panhandle, had his right leg cut off below the knee about five o'clock Tuesday evening, near the W. V. tower just east of the city. He was carried to the railroad doctor's office in this city by two of his companions, and his injury was temporarily dressed.

While lying in the doctor's office and Age man interviewed him, and he told how the accident happened.

"I was making a coupling near the W. V. tower and was standing between the cars. The train suddenly backed upon me, and before I could get away, my leg had been run over. I always was afraid of that place."

Ferguson is 23 years old, and lives in Uhrichsville. He is not married. He was taken to a Columbus hospital in a special caboose and engine about 5:30 o'clock, accompanied by the physician. The doctor did not intend to take his tools, but the injured man asked him to do so, saying he wanted the doctor "to take it off."

The Hidden Dollar

You never made a dollar yet that you didn't have to "dig" for it, but you never had such easy digging as looking for the dollar in The Age Want Column. The first person who brings a complete list clipped from The Age of want ads containing reversed words, not later than 5 p. m., Friday, Feb. 15, will get a dollar. Such words appear each night, beginning last Saturday. No lists received after 5 p. m. First correct one in before 5 gets the dollar

Hurry and get your ad "for rent," "for sale," or "wanted" in everybody is reading the want column.

COUNCIL MAY SUE TO GET STREET'S FULL VALUE

COUNCIL MEETING UNDER THE X-RAYS.

Ordinance read to increase Turnkey Decker's salary to $50 per month.

Proposition to either tighten or loosen the Sunday lid handed over to the Mayor.

Wheeling freight house proposition up again.

James heirs — Seventh street controversy may go into the courts.

Ordinance to extend Eleventh street read first time.

Estimates for Hamilton avenue sewer $1800; for Wilson avenue —Ninth street at $860.

Third street grade brought up.

Lee avenue wants sewer.

Ten important matters were given an onward shove through the mill which grinds out the city's affairs at the regular meeting of council Tuesday evening. No matters which have not already been before council were taken up except an ordinance to increase the salary of Janitor Seth Decker from $40 to $50 per month. This ordinance was given its first reading.

The petition of the fruit dealers to keep open on Sunday or else have all places of business closed was given an icy reception. Council believed that the matter did not come within their jurisdiction and left it to the mayor, who murmured "thanks."

All the members were present except Messrs. Lawrence and Pharion when President Stacey called the meeting to order at 7:30. Solicitor Williams, Clerk Karr and Engineer Fisher were also present but there were no spectators in the lobby.

The Lid Request.

The petition of the fruit dealers was read first. "You've heard the petition," said President Stacey, "what shall be done with it?"

"I think it's up to the mayor" said Mr. Wisenburg and the other councilmen seemed to concur in this opinion. A test case will probably be made by the fruit dealers now as one of them stated to The Age that if council ignored their request it had been decided by the fruit men to keep open and stand trial. Next Sunday will tell the tale.

The W. & L. E. Depot.

The second matter coming up was the petition of the Wheeling & Lake Erie railroad company for the vacation of 27 feet off the east side of Hickory street a distance of 188.94 feet and for the vacation of 188 feet of Orange street to make room for the roposed Wheeling freight house. Final action on the matter is to be taken March 30. Notice of the petition will be filed three weeks in order that any remonstrances may be made by neighboring property owners. The letter from the Wheeling [illegible] that the passage of the ordinance would be the act that would really govern.

Sewer Wanted.

The third matter presented was a petition from the property owners of Lee avenue or North Ninth street for a sewer. It was signed by C. M. Bible and nineteen others and bore a statement that they represent over 90 per cent of the property owners.

Street Repairs.

Mayor Smith had to leave at this juncture and left certain correspondence with reference to the proposed street repairing machine with the clerk to be read at the proper time.

There was no further report made concerning the moving of the arc light on Walnut street from the west to the east end of the Novelty Advertising company's plant.

May Mean Suit.

Fourth in order, the Seventh street litigation was taken up by Solicitor Williams who explained that the action against the city has been dismissed at the costs of the plaintiff. He said that there were two questions involved. One was the right of the city to narrow a sidewalk; the second was the location of the line of the James property, James heirs claiming additional land by right of adverse possession for 21 years. Mr. Williams said that the right of the city to narrow the sidewalk is no longer an issue but the right of the James heirs to claim the land in contention is still open and it is up to the city to bring an action to oust them. Mr. Williams recommended that the street committee and engi-

ATTY. GEN' ELLIS TO PASS ON QUESTIO[illegible]

Committee Also to Have Authentic Estimates of [illegible] Costs Aefore Meeting With Commissioners Next Tuesday

Before anything is asked of the county or the taxpayers thereof [illegible] Good Roads and bridges, there will be laid before the public a [illegible] complete estimate of cost together with all legal phases passed [illegible] no less a personage than Atty. Gen Ellis.

This decision as reached at the meeting of the Good Roads [illegible] mittee Tuesday afternoon. They placed in writing a number of [illegible] tions affecting the authority of the commissioners to call a [illegible] tion, etc., and embracing every legal phase that might arise and [illegible] to Prosecutor McDowell, who in turn intends taking it up direct [illegible] the attorney general.

The committee also will have estimates as to the cost of [illegible] per mile, and of the suggested bridges, made by expert engineers. [illegible] than that at least three bond propositions will be suggested, to run [illegible] of 20, 30 and 40 years. The whole thing will be placed fully [illegible] squarely before the taxpayers of the county before anybody will be [illegible] to vote one way or the other. The committee is composed of Geo. [illegible] Caton, chairman, M. Q. Baker, G. M. Gray, Allen Marshall and J[illegible] Wolf. The expect to have a full and comprehensive report for the [illegible] ing with the commissioners next Tuesday.

Keene Man Praises The Good Roads Spirit And Urges Farmers to Enter Into The Wor[illegible]

Speaking of good roads, one of the trustees of Keene township was in the city Tuesday and complimented The Age on the great amount of information this newspaper is disseminating on the road agitation.

"I want to say first and foremost that the farmers of Keene are for good roads," he said. "And while we are talking about it, the idea that has gone broadcast that we did not have a starting point for the road improvement we asked for from the state, under the good roads law. That's a mistake, as we have our papers all O. K., and they are filed at the office of Township Clerk Wolfe. If we don't get our roads in this deal it will be the fault of the state and not ourselves..

"It made me enthusiastic for good roads when I was in Union county in the western part of the state this summer. They have the finest limestone roads you ever saw and they cost them from $2,000 to $2,200 a mile to build. They grade them nicely and they are fine. That and Logan counties have fine pikes and they have hills too, but the pikes go up and down hill as well as in the valleys. I am glad the farmers are waking up here to the value of good roads and the way good roads increase the value of farms. And I honestly regret that the great movement that has started came from Coshocton city and not from the farmers. The willingness of Coshocton city taxpayers to help shoulder the burden is a good sign and ought to be taken up at once. But city taxpayers might just as well expect us farmers to come down and help build street pavements here as for farmers to expect city taxpayers to come out and help them build roads. But that is what is being done and the farmers appreciate it. The good road movement ought to go through and when more is known about it and facts and figures given out, I think there will be a rising vote and every fellow will stand up."

WEST CARLISLE.

West Carlisle, Feb. 13—Several of the citizens of West Carlisle have been interviewed concerning the Good Road movement and the prevailingg opinion is that the movement will not carry in this part of the county if put to a vote. The only condition under which the people would favor it would be that each township be allowed to improve [illegible] worst roads in proportion to [illegible] taxation and not start the [illegible] ment from the city of [illegible] great opposition to the [illegible] is the bridges for the city of [illegible] ton. Although some have [illegible] the idea that it [illegible] inducement in favor of the [illegible] trolley line from Newark to [illegible] ton.

Some think that the [illegible] is just an estimate [illegible] bridges when completed will [illegible] $200,000 or possibly more. [illegible] one is in favor of good roads [illegible] would want to see it distributed over the county and not just on the [illegible] ern part of it.

NEW CASTLE

New Castle, Feb. 13—The [illegible] of this town and vicinity are taking quite an interest in the good road [illegible] our roads were in a short time ago and also in the spring when the busy work of the year begins I do not believe there is a farmer in the community but would vote for the good road movement. I think it is every good citizen's duty to give this question their first thought and hearty cooperation today and improve our wintry roads.

PLAYS "THE GIRL" TRIED TO SUICIDE

New Castle, Pa., Feb. 13—Railroad men of the Baltimore & Ohio at New Castle Junction, report that Miss Mary Hall, leading lady of "The Girl of the Golden West" company, attempted suicide at Callery Junction.

The rumor could not be verified, and those at the opera house and the hotel where she stopped know nothing of the affair. It is said that as the company was coming from Butler to New Castle, that Miss Mary Hall suddenly left the train at Callery Junction and ran over the ground toward and ice-covered creek with the evident intention of throwing herself through an ice hole. She was intercepted by other members of the company, however, and was brought back to the train before she accomplished her purpose.

It was said that she was placed under guard and that her actions were closely watched all the time she was in New Castle, in order to prevent any further attempt. From her actions on the stage during the performance here Saturday night, no one would judge that she had passed through a trying ordeal in the afternoon. She seemed in a happy mood and delighted the audience throughout.

Miss Hall is coming here Friday night in the play. This sounds suspiciously like a busy press agent.

AGE BOYS START FOR THE MARDI GRAS

Messrs J W Metcalf and W. G Hirchert left today for Columbus and after a short stay there expect to go to Cincinnati. It is rumored that they are headed for the Mardi Gras and may even sail for foreign lands, having become restless waiting for Coshocton's new airship to be completed, Mr Metcalf has been foreman at The Age office and Mr. Hirchert was the "ad" man. They have made a great many friends in Coshocton during the few months they have been here as both are fine fellows Chas Blackburn, formerly of Coshocton but more recently with the Zanesville Signal, has become foreman of The Age and Ray Hart of Newcomerrstown, who has been employed at Urbana, is the new "ad setter" on The Age.

BIG OIL WELL RACE AT BLOOMFIELD

An oil well race is on full blast at Bloomfield Last Saturday two wells were started, one on the Bud Lawrence farm by the Bonsor Co. and the other on the Robert Dougan farm by the Snee Co. Mill Iron and his son are drilling one tower on the Snee well and Tom Loman and Geo. Sutherland on the second tower: Fred Solomon and Midge Wagers are drilling one tower on the Bonsor well and Bert Reed and Jess Conkle on the second tower. Both wells are down about 300 feet and the race will probably be ended by the end of this week.

Neglected Colds Threaten Life

(From the Chicago Tribune)

"'Don't trifle with a cold,' is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autmn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by C. E. Count's Will Missing.

Omaha, Neb, Feb. 13.—The last will of the late Count John A. Creighton has disappeared, and all efforts of the executors to find it have been unavailing A will made three years ago has been found, but it is believed there is a later one. Judge Woolworth, Count Creighton's lawyer, died one year ago. It is believed Woolworth drew the will, but no record of it is among his papers. Since the will which was found was drawn, Count Creighton has disposed of much property, having sold one mine for $5,000,000. None of this is accounted for in the will which has been found.

Cars Derailed.

Easton, Pa., Feb. 13.—Two cars of the Black Diamond express on the Lehigh Valley railroad were derailed on the bridge crossing the Delaware river here. Both cars, a day coach and a sleeper, were damaged, and the latter slipped to the top of the stone pier and came close to going into the river. Several persons were injured.

ANOTHER NEGRO

Who Says the Shots Were Fred From the Town.

Washington, Feb. 13.—Thomas H. Green, who was the quartermaster sergeant of Company B, Twenty-fifth infantry, stationed at Brownsville, appeared before senate military affairs committee and told of seeing flashes from guns, followed by reports of the guns. He said that the shooting came from the town. On cross-examination he said that he had never told anyone of seeing the flashes from the guns, and that he did not consider it the duty of an enlisted man to investigate the effects of the shooting. According to Green's account of the incidents of the night of Aug. 13, he did not sleep well and was awake when the first shot was fired. His room was in the building occupied by Company D, and located on the side next to the town. He said he rose in bed and saw the firing, and that it was apparent to him that an attack was being made on the garrison. After that he dressed and assumed his duty upon the call to arms being sounded.

NEW TREATY

With Republic of Santo Domingo Before the Senate.

Washington, Feb 13.—The president sent to the senate the new treaty with the republic of Santo Domingo, relative to the revenues of that country. The new agreement is confined entirely to the matter of the collection of revenues It sets forth in the preamble the fact that Santo Domingo has entered on an agreement with her creditors, which is made contingent on the fact that this country shall collect the money, and it is then agreed that the president of the United States shall appoint a representative of the government as receiver general, to take charge of all the funds collected and provide means for their collection

Treasurer of a New England Bank and Securities Disappear.

New Britain, Conn., Feb. 13.—Negotiable securities to a large amount are missing from the vaults of the Savings bank of New Britain, of which institution the treasurer, William F. Walker, mysteriously dropped out of sight in New York on Sunday last. During the day Philip Corbin, president of the bank, stated that the bank auditors had been unable to locate securities of a value of $150,000, but did not find any other irregularities in the accounts or cash of the bank. The situation, according to Mr. Corbin, suggested abstraction of the securities from the vaults. Not an inkling of Walker's whereabouts has been obtained. Walker has been treasurer of the funds of the Connecticut State Baptist convention for years, having

"Dinner's Coming — I Smell It"

Does Your Stomach Feel Happy When Meal-Time Comes?

When your sniffle in the air the appetitizing aroma of something cooking, do you feel that you can sit down, open your mouth, pin back your ears and eat with a delicious gusto, everything set before you, and not feel any bed effects from it?

In other words, can your poor stomach take care of everything and anything you put into it? There are thousands and thousands of people who do not know what it is to have a good, strong, healthy stomach, nor do they realize what it is to have a good appetite.

You can have an all-powerful stomach and a fetching appetite for every meal, and every day, if you give your stomach a rest, and let something else take hold of your food for you and digest it as it comes into the stomach, something that is harmless but that really does the work of digesting, quickly and thoroughly.

This "something" is Stuart's Dyspepsia Tablets, the most effective little tablets in the world for curing anything that may be wrong with your stomach. One ingredient of these precious little workers digests 3,000 grains of the coarsest or richest food put into the stomach. Think of it, 3,00 grains! They are really an artificial stomach, because they act just like the stomach, they digest your food, just as though you didn't have a stomach at all. It supplies the stomach with the digestive juices which have become weak and scenty.

Then your indigestion, dyspepsia, sour risings, brash, belchings acidity fermentation, loss of appetite, aversion to food, bloaty feeling, heartburn and nausea, will be no more. You can then eat anything you want, all you want, whenever you want, and your stomach will feel fine before and after your meals. Your appetite will be a thing of pleasure to have, your meals will be a pleasure to eat and relish, and your digestion will be thorough and soothing to the whole body.

You can't do your work well, or be cheerful, or have energy or vim or ambition, when your stomach is bad. Make yourself feel good after a hearty meal, feel good all over, clear your mind and make you enjoy life, by taking Stuart's Dyspepsia Tablets

Give your stomach a rest, so it can right itself, then you need fear nothing. Send us your name and address today and get a free samp'e package of Stuart's Dyspepsia Tablets by return mail. COLLIDED WITH A SCHOONER

Great Hole Torn In the Steamer's Side and She Soon Founders With Many Persons In the Bunks—Others Take to Lifeboats and Perish In the Cold—Story of the Accident.

Block Island, R. I., Feb. 13.—Appalling loss of life attended the collision in Block Island sound between the three-masted schooner Harry Knowlton and the Joy line steamer Larchmont, bound from Providence to New York city. It is reliably estimated that, including the crew, there were nearly 200 persons on board the steamer when she sailed from Providence. Of these only 19 appear to have survived the disaster, 10 members of the crew and nine passengers. Over 50 bodies have been recovered. Awakened from their slumbers in their staterooms, the unfortunate passengers were at the mercy of the fates. Many, it is believed, went down with the ship. Others, temporarily thankful that they had escaped drowning, prayed that they might be relieved of the terrible pain caused by their frozen bodies, and one man, a passenger, whose name could not be learned, plunged a knife into his throat and ended his sufferings.

Owing to the condition of the survivors it was impossible to get from them an estimate of the loss of life. From 75 to 150 persons went to their death, and it is believed that the latter figures are nearer correct. The steamship officials estimate that about 150 passengers and a crew of 50 were on board the steamer when she left Providence. Fifty bodies reached these shores and 19 were alive when taken from the lifeboats. Taking the estimated figures of the steamship officials as a basis, there are still over 130 persons to be accounted for. The only positive evidence of the steamer's victims is lying at the bottom of Block Island sound. The list of passengers and crew, handed to the purser just before the steamer left Providence, was locked in a safe, and it was not recovered.

The cause of the accident has not been satisfactorily explained. It occurred just off Watch Hill, about 11 o'clock Monday night, when the three-masted schooner Harry Knowlton, bound from South Amboy for Boston with a cargo of coal, crashed into the steamer's port side amidships. Captain George McVey of the Larchmont declares that the Knowlton suddenly swerved from her course, luffed up into the wind and crashed into his vessel. Captain Haley of the Knowlton declares the steamer did not give his vessel sufficient sea room.

The steamer, with a huge hole torn in her side, was so seriously damaged that no attempt was made to run for shore, and she sank to the bottom in less than half an hour. The Knowlton, after she had backed away from the wreck, began to fill rapidly, but her crew manned the pumps and kept her afloat until she reached a point off Quonochontaug, where they put out in the lifeboat and rowed ashore. There were no fatalities on the schooner. A majority of those on the Larchmont had retired for the night, and when the collision occurred there were few, with the exception of the crew, prepared for the weather which prevailed. They hurried from the warm staterooms to the deck of the steamer and into a zero atmosphere. Chilled to the bone, many rushed headlong below to secure more clothing, while others, barefooted, bareheaded and clad only in night gowns, stood on the decks, fearing that to go below would mean certain death.

Fisher's Point, the nearest point of land, was not quite five miles to the westward of the point where the steamer went down, and every boat immediately headed for that place. A 50-mile gale blew on their backs as the men strained at the ice-covered oars in a hopeless endeavor to overcome the handicap against which they were struggling. The boats and rafts soon became separated. Captain McVey said that had his crew been able to make progress against the northwest gale, they would have landed at Fisher's island between 12 and 1 o'clock. The wind, however, was too strong to be overcome, and there was nothing left for the suffering seamen but turn around and head for Block Island, 15 miles away.

Right of Appeal In Criminal Cases.

Washington, Feb. 13. — The senate occupied the session in argument on the bill granting the government the right to take an appeal on points of law in criminal cases. The opposition came mainly from Senators Rayner and Whyte of Maryland and Heyburn of Idaho. While elaborate defenses of the proposition were made by Senators Patterson, Knox, Nelson and Spooner, no action was taken on the measure.

Hurry up that STAR"

No man likes to be without a plug of "Star" in his pocket. There's a generous treat in every bite—a wholesome satisfaction that has made "Star" the standard chew.

STAR
PLUG CHEWING TOBACCO

Just as chewing is the most economical form in which tobacco is used, so "Star" is the most economical chewing. Though the best the market affords "Star" is the cheapest because it is made in full 16 oz. plugs of choice, sweet, best-bodied leaf. It makes a more elastic and *lasting* chew than the flimsy, tender, light-bodied kinds that "chew up" so quickly.

Increasingly popular for forty years and to-day the standard chew.

SLIGHTLY
MAKES THE GRINDING EASY

If you want to drink real coffee, buy a sealed package of Arbuckles' ARIOSA and grind it in your own kitchen as you want to use it. Roasted coffee loses its strength and flavor if exposed to the air, and even its identity as coffee after grinding. Loose coffee sold out of a bag, bin or tin is usually dusty and soiled by handling.

FROM SALOONS

Collected in Ohio During the First Year of the Aikin Tax.

AUDITOR MAKES HIS REPORT

Election Certificates Forwarded to Successful Contestants at Odd Fellows' Election—Labor Leader Dies at Toledo — Destructive Fire Near Cleveland—State News.

Columbus, O., Feb. 13.—A total of $9,219,664.98 was collected from liquor dealers in Ohio during the first year of the Aikin $1,000 law, according to a statement issued by the auditor of state.

During each of the two half years that the Aikin law has been in operation the collections have been greater than in the largest complete year under the Dow law. The total Dow law receipts for the state's fiscal year 1905, which is the last that can be used for comparison, were $4,309,714.86. In July the state's share of the Aikin law receipts was $1,392,046.12. In January it was $1,376,821.66. The total was $2,768,867.84. During 1905 the state received $1,296,597.32 from the Dow law. Local funds received $6,451,540.01 from the Aikin law during the first year.

The financial results show that the Aikin law is a great revenue producer, though a failure as a temperance measure, only 109 saloons in the entire state having gone out of business since July, 1906.

Forwards Election Certificates.

Columbus, O., Feb. 13.—C. F. Lyman, grand secretary of the I. O. O. F. of Ohio, has just forwarded certificates of election to the successful contestants at the annual election as follows: John L. Sullivan of St. Marys, grand master; Louis B. Houck of Mt. Vernon, former secretary to the late Governor J. M. Pattison, deputy grand master; Frank Foster of Toledo, grand warden; C. H. Lyman of Columbus, grand secretary; C. E. Niles of Findlay, grand treasurer; George B. Kolb of Cincinnati, grand representative.

Blame the Professors.

Columbus, O., Feb. 13.—The faculty of the Ohio State university has commenced an investigation to learn the cause of the many failures last term, from the students' point of view. Cards have been given to the students of the engineering college, where the failures were most numerous, with the request to state, in their opinion, the causes of the failures. Many of the students in their answers blame professors of being either incompetent or too exacting, but just what action the faculty will take is not known.

Shot Resisting Arrest.

Marion, O., Feb. 13.—Benjamin Runkle, a former Salvation Army captain, was shot and perhaps fatally wounded by Marshal C. McClain of Morral. Runkle had written to his wife, who is nursing a relative of Morral, threatening to kill her, it is said, if she did not come here and live with him. He was arrested and fined $100 and sentenced to the Columbus workhouse for a month. While the marshal was taking him to the village prison he made a dash for liberty and was shot.

Postmaster by Popular Vote.

Prospect, O., Feb. 13.—This town, with a population of about 3,000, is to inaugurate the primary system of selecting a postmaster. It is to vote for the most popular man of the neighborhood for the office, irrespective of politics, and then send the selection to Roosevelt for appointment. Grant Mouser, who represents this district in the house, has decided upon the plan after concluding that he can not accept the recommendations of the Marion Republican county committee.

Wanted For Murder.

Toledo, O., Feb. 13.—Word has been received here that a man supposed to be Joe Nipper, who is wanted for the killing of Edward Bradley in this city in 1905, is under arrest at Tacoma, Wash. The suspect was captured in a mining camp while engaged in playing a game of cards. He professes ignorance of the whole affair. The sheriff left here to bring Nipper back.

Thirty Miles Over the Ice.

Sandusky, O., Feb. 13.—To attend the wedding anniversary celebration of a sister who lives in Buffalo, Jack Mahoney, a fisherman, walked from his home on Pelee island, across Lake Erie to this city, a distance of 30 miles, and caught the only train that would land him in Buffalo in time. The trip was made in a blinding snowstorm.

Licked Up by Flames.

Cleveland, O., Feb. 13.—Two buildings of the Ohio Ceramic Engineering company, a few miles west of this city, were destroyed by fire, together with a vast amount of machinery in them. The loss is $100,000.

Struck by Cut of Cars.

Columbus, O., Feb. 13.—Emanuel Ziberl, 47, and Michael Nicholas, 23, Italians, were run down by a cut of cars in the Norfolk & Western railroad yards. Ziberl died and Nicholas is in a critical condition.

Woman Was Not Dead.

Bellefontaine, O., Feb. 13.—Closing the eyes of Mrs. Hattie Stanley, believing her dead, relatives who had stood weeping about her bedside departed to notify others and summon an undertaker. A neighbor, called to prepare the body for embalming, thought that an eyelid of the corpse fluttered slightly. Fearing to hesitate the neighbor immediately began methods of resuscitation, and after exhaustive effort succeeded in restoring Mrs. Stanley to consciousness. The attending physicians say that in spite of her age, 65 years, Mrs. Stanley will recover.

Posse Killed His Bear.

Alliance, O., Feb. 13. — A posse of citizens at Carrollton, O., killed a trained bear, the property of an itinerant Italian, when the beast, while temporarily at large, caused a runaway. The Italian had been arrested for drunkenness and the bear was placed in a livery barn, from which it escaped. The Italian now demands that the village pay him $350, the value he places on bruin.

Oil Company Assigns.

Marietta, O., Feb. 13.—The Arcadia Oil and Gas company, principally owned by New York parties and operating in the local fields, made an assignment, naming Henry L. Meyers of New York as assignee. The property in this city is valued at $20,000, but no statement of assets or liabilities is yet obtainable.

Pattison's Brother.

Batavia, O., Feb. 13.—The funeral of Louis A. Pattison, the oldest brother of the late Governor John M. Pattison who died at his home in Owenville, will be held Thursday afternoon. He was for many years a merchant in Batavia, but had retired from business because of failing health.

Italian Workman Mangled.

Portsmouth, O., Feb. 13.—Three men employed by the Norfolk & Western were terribly injured two miles west of here by a belated explosion of a blast. Vincent Senaro, Italian, who came here from Columbus, had both eyes blown out, and the two others are in a critical condition.

Death Followed Operation.

Toledo, O., Feb. 13.—John L. Dobbins, national secretary of the American Flint Glass Workers' union, died at St. Vincent's hospital following an operation for appendicitis. He was 39 years old. Mr. Dobbins was one of the foremost labor leaders of the middle west.

FASTIDIOUS WOMEN

[illegible]

[illegible] to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

McCall's Protest.

New York, Feb. 13. — Argument against usurpation by the national government of the powers reserved to the states by the constitution was made by Representative McCall of Massachusetts in an address before the Republican club of this city. Mr. McCall declares the time is ripe for a warning against the tendency to overthrow the balance of the constitution and to regulate each and all of us from Washington. That there is such a tendency, he held, is too palpable to be denied. He expressed the opinion that the states are ideally constituted to deal with the great mass of questions relating to personal government.

Train Struck Funeral Coach.

New York, Feb. 13. — Two women were killed and two men badly injured at a railroad crossing in Long Island City when a Long Island railroad train struck and demolished a funeral coach containing three persons besides the driver. Mrs. Nellie Terwilliger and Miss Sarah Halladay of Jersey City were instantly killed and Elliott Terwilliger, husband of one of the women, and James Healy of Brooklyn, driver of the coach, were seriously injured. Edward Elliott, the engineer of the train, was arrested.

The Childish Voice Too Much.

A good story is told of Signor Foli, the famous basso. Once upon a time he was singing "The Raft," when a childish voice from somewhere in the stalls suddenly piped in and attempted to organize an impromptu duet. Unfortunately the next line of the song was: "Hark! What sound is that which breaks upon mine ear?" This so tickled the fancy of the great vocalist that he burst into a hearty fit of laughter and left the platform, followed by the pianist. Twice they came back and attempted the song, and finally they had to give it up in despair, much to the amusement of the audience.

Just On The Side

"I don't agree with the Ohio Sun in the attitude it has taken in the Thaw case" said one of Coshocton's' foremost ministers this morning: "from one point of view it is doing right in omiting many of the sensational details and pictures which are crowding the other papers almost to the exclusion of other news but still I think the publishing of them will do good for they point out emphatically the error of such ways."

Bryan to Iowa Legislature.

Des Moines, Ia., Feb. 13. — William J. Bryan was given an ovation by the state legislature, that is overwhelmingly Republican. He appeared on invitation before the two houses of the Iowa general assembly and made an address in which he discussed the entire range of political issues, and which was accepted by the Democrats of the legislature as a tentative platform for the presidential campaign for 1908. Mr. Bryan argued strongly for the popular election of United States senators, and declared himself in favor of a direct primary. "The people will soon get together," said Mr. Bryan, "Eliminate the large special interests that have their representatives about every legislative body, and Democrats and Republicans and members of all parties could agree upon necessary legislation."

Tonsiline Cures Smokers' Sore Throat

Habitual smokers are often troubled with inflammation of the throat. This is called smokers' sore throat, and frequently becomes so painful that food is swallowed with difficulty.

If nothing is done to prevent it, the disease may develop into cancer of the throat. Hundreds of men have had to resort to surgical operations because of it—many have died as a result of it.

If you have smokers' sore throat, don't disregard it. It may be gone tomorrow but it will surely return again and in a more severe form. It is Nature's danger signal.

TONSILINE will positively cure you and keep the throat clean and healthy, preventing the consequences of neglect. TONSILINE is the result of years of careful study and practical work and is made from drugs used for years in the cure of throat diseases. TONSILINE destroys the poison germs of all kinds of sore throat and cleanses away painful and poisonous ulceration. It soothes and heals the tender mouth and throat membranes and removes the cause of throat trouble.

A quick, safe, soothing, healing, antiseptic cure for Sore Throat, briefly describes TONSILINE.

We know it will do all we claim for it, knowing it has never failed.

IN THE PUBLIC EYE

NEW PICTURE OF MRS. J. G. PHELPS STOKES.

It is reported that Mr and Mrs. J. G Phelps Stokes will remove from their humble flat among the poverty stricken people of the lower east side in New York to a luxurious residence on Fifth avenue. Mrs. Stokes before her marriage to the wealthy settlement worker was Rose Pastor, a Jewish poet and newspaper writer who formerly earned her living in a tobacco factory. The Stokeses now occupy a humble suit of rooms on the seventh floor of a house in the slum district. It is stated that they will continue their work among the poor.

Tired Nervous Women Make Unhappy Homes

MRS. NELLIE MAKHAM

MRS. GEO. A. JAMES

A nervous irritable woman, often on the verge of hysterics, is a source of misery to everyone who comes under her influence, and unhappy and miserable herself.

Such women not only drive husbands from home but are wholly unfit to govern children.

The ills of women act like a fire brand upon the nerves, consequently seven-tenths of the nervous prostration, nervous despondency, the 'blues", sleeplessness, and nervous irritability of women arise from some organic derangement.

Do you experience fits of depression with restlessness alternating with extreme irritability? Do you suffer from pains in the abdominal region, backache, bearing-down pains, nervous dyspepsia, sleeplessness, and almost continually cross and snappy? If so, your nerves are in a shattered condition and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous troubles of women than Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Thousands and thousands of women can testify to this fact.

Mrs. Nellie Makham, of 151 Morgan St., Buffalo, N. Y., writes:—

Dear Mrs. Pinkham:—

"I was a wreck from nervous prostration. I suffered so I did not care what became of me, and my family despaired of my recovery. Physicians failed to help me. I was urged to try Lydia E. Pinkham's Vegetable Compound and I want to tell you that it has entirely cured me. I think it is the finest medicine on earth and I am recommending it to all my friends and acquaintances.

Mrs. Geo. A. James, a life long resident of Fredonia, N. Y,, writes:

Dear Mrs. Pinkham:—

"I was in a terribly run down condition and had nervous prostration caused by female trouble, in fact I had not been well since my children were born. This condition worked on my nerves and I was irritable and miserable. I had tried many remedies without getting much help but Lydia E. Pinkham's Vegetable Compound brought me back to health and strength. It has also carried me safely through the Change of Life. I cannot too strongly recommend your medicine."

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to communicate promptly with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

The Pythian Sisters met Monday evening in the K. P. hall and transacted routine business. Afterwards lunch was served by Mrs. Andrew Fisher and Miss Laura Fisher. The next meeting will be held in two weeks at which time the refreshments will be in charge of Mrs. Fleming and Mrs. Giauque

✦ ✦ ✦ ✦

The Store Club.

The girls belonging to the Ransom store club met with Mrs. Lenora Pocock Monday evening and played pedro and pulled taffy with such evident gusto that it came near being midnight before they had the heart to part company. The meeting was one of the pleasantest the club has had since its organization.

✦ ✦ ✦ ✦

The Busy Bees.

Mrs. D. D. Boyd entertained the Busy Bees Monday evening at her home on Park avenue and the regular business was laid aside long enough to enjoy the little shower which had been arranged for Miss Nell Abicht; Miss Abicht has been here for some time and during her connection with the Eldridge and Higgins Company she has made many friends in both business and social circles but she is going to leave them all in a few days and return to her home in Marietta; Dame Rumor is very busy about it all and says that Cupid has something to do with this return and that there will be a wedding in the near future but Miss Abicht says "no" and just which one of the two is right time alone can prove. A set of Haviland china plates and a handsome piece of drawn work as well as a number of lesser magnitude were in the piled up basket and the presentation was made after Miss Mabel Parrish had read a clever poem which she wrote herself just for the event and in which the good wishes of the Busy Bees were heartily set forth. The last feature of the eveningg's pleasure was the delicious lunch which Mrs. Boyd served.

✦ ✦ ✦ ✦

✦ ✦ ✦ ✦

B. Y. P. U. Entertained.

A dozen or more members of the B. Y. P. U. were beautifully entertained Tuesday evening by Rev. Mr. and Mrs. C. M. Eddy at their home on Locust street. A variety of games ad music had been arranged and delicious refreshments were served.

✦ ✦ ✦ ✦

Clam Chowder.

The Ladies of the Guild of Trinity Episcopal church feel highly elated today over the success of their clam chowder supper which was given Shrove Tuesday evening in rooms in the second floor of the old Opera house building. The ladies had furnished them prettily for the occasion with hangings at the window and an abundance of flowers and the clam chowder and waffles served from the small tables were the most delicious imaginable. Quite a number of people were in attendance and although the expenses were heavy there will be a sum of comfortable dimensions to turn into the building fund of the new church.

✦ ✦ ✦ ✦

Parents' Club.

The Eighth Grade Parents' Club will meet tomorrow afternoon at Alycone hall between two and four o'clock, the regular Altrurian Literary society having its meeting until two o'clock. Freight Shoves Milk Wagon

A driver of a milk wagon had a very narrow escape from death Wednesday morning while crossing the Wheeling tracsk on Orchard street. He was driving across the tracks, and did not see a fast freight train approaching behind a string of cars, which were standing on a siding nearby. Whipping up his horses, they cleared the track, but end of the wagon was struck by the engine, and gently pushed aside. No damage was caused, but it was a very colse call for both horses and driver.

THE STAGE

Tonight at the Sixth Street Theater Mr. Felix Haney, in the new rural comedy, will introduce "When the Harvest Days Are Over," by Neil Towney. Mr. Haney is probably better known as Hi Holler, which part he originated in "Way Down East." He has been principal comedian of the New York Hippodrome for the past two years.

The Girl of the Golden West"

"The Girl of the Golden West," David Belasco's wonderfully successful drama of California in the days of '49, will be seen at the Sixth St. Theatre, Friday night.

" The Girl of the Golden West" is the second production issuing from the eBlasco studio that New York audiences admired all of last season. Were it not for previous contracts that compel its departure from the metropolis there is no doubt that the play could remain there as long as did Mr. Warfield in "The Music Master." But the newest Belasco piece, "The Rose of the Ranche," was booked for the Belasco home theatre in New York and so "The Girl of the Golden West" has begun its tour of other large cities.

The stage production of "The Girl of the Golden West" is acording to the Belasco standard with which playgoers of Coshocton are by this time thoroughly familiar. The settings are historically and geographically corect in detail and their locale gives opportunity for effects that rival any of the former feats credited to this foremost of producers.

Tiverton Rat-- Hunters Eat Feast

Tiverton, Feb. 13—The celebrated rat-hunt supper is to take place St. Valentine's night, Feb. 14, and the side with the sea-sick name will be the hosts. The exact result has been tabulated: Jayhawkers, 81 525 counts, Pukes, 68. 840 counts. It looked like a chance for a fight for a time as the ones whose name resembles nausea declared correct tally had not been kept. All matters were adjusted, and now it is all over but the supper Thursday night.

JAP COOLIES.

President Roosevelt Suggests They Be Barred From United States.

Washington, Feb. 13. — President Roosevelt, it is stated, has through Secretary Root, proposed to Speaker Cannon and to the chairman of the senate and house committees on immigration and other Republican leaders in congress, that a clause be inserted in the immigration bill now pending in congress which will bar Japanese coolie labor from the United States. Mayor Schmitz and the San Francisco delegation favors such a provision.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, billiousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Fire Threatend Linotype Factory

The Vail Linotype factory came near being visited by a disastrous blaze late Tuesday afternoon. Some one accidentally upset a can of banzine, which caught fire and began to ignite the building. Some one started to throw water upon the flames, but this only caused the burning benzine to spread and become more alarming than ever.

Then Rollo Thompson ran after his overcoat, and Mr. Moore, a machinist at the Keagy and Lear company, smothered the fire with it. The only damage was burning the overcoat badly, and a pair of shoes belonging to Leo Schlaich.

For a few minutes it looked as though the Vail plant would go up in smoke, but the coolness of one employe probably saved the factory.

Labor Union Protests.

Waco, Tex., Feb. 13. — Mass meetings are being called by the labor councils, embodying all labor unions in the various cities of this state, to protest against the imprisonment of Moyer, Haywood, and Pettibone, who have been in prison a year in Idaho. The three men were officers of the Western Federation of Miners, and are charged with the murder of former Governor Steunenberg of Idaho a little over a year ago. Union men here allege that these men are being illegally restrained of their liberty, and that a conspiracy exists to keep them from having a trial.

Gunboat at Greytown.

Washington, Feb. 13.—The gunboat Marietta has arrived at Greytown, Nicaragua, from Guantanamo, and reported to the American consul, Ryder, at San Juan Del Norte, or Greytown. It is stated that the warship will afford the consul a means of conveyance up the coast to Bluefields, where he will be able to get into closer communication with the Nicaraguan authorities at Managua, the capital, and [illegible] in carrying out the state department's plans for the prevention of a hostile clash between [illegible] The [illegible]

WARSAW TO START FACTORY

Whitely Litigation Merely To Get Local Plant's Wheels Going

"I wish you would say for me," said Dr. F. M. Moore, of Warsaw, when interviewed by The Age "that our action against the Whitely concern at Springfield means business for Warsaw. We are merely attempting to cut loose from the parent organization and then start our factory here independently. In fact we hope to have the wheels going and to be making wire fence this spring.

"Wm. Whitely is visionary and we have had little beside rainbow promises from him. We have a completely equipped plant here and all we have to get is the wire and start making fencing. We can get the experienced men. In fact the Whiteley people have had a man here all winter and fall till a week ago, paying him $100 a month. He was an experienced man but there was nothing for him to do. It was a sample of their waste of money.

"People who subscribed to the Warsaw plant will find their investment a paying one. Those of our farmers over the county who subscribed directly to the Springfield concern. I cannot discuss, as I am not advised as to the Springfield proposition. Down at Lancaster things look bad to me as they have spent $12,000 in a big building 300x60 and nothing in it. We are in good shape. Here in this school district, counting cash, notes and property, we have $12,000 while there is subscribed over the county about $10,000 more for the Warsaw plant. All this we hope to save for the operation of the Warsaw factory and that is why we have taken these legal steps, the outcome of which, there is no doubt in my mind."

Dr. Moore is a director in the Springfield general company but of course when the Warsaw company breaks away he relinquishes that position per se.

The Potato.

The common potato was at the time of the discovery of America in cultivation from Chile, to which it is indigenous, along the greater part of the Andes as far north as to New Granada. It was introduced from Quito into Spain about 1580 under the name of "papa," which in Spanish it still bears. From Spain it found its way to Italy, where it became known as "tartuffalo," and thence was carried to Mons, in Belgium, by one of the attendants of the pope's legate to that country. In 1588 it was sent by Philippe de Sivry, governor of Mons, to the botanist, De L'Echuse, professor at the University of Leyden, who in 1601 published the first good description of it under the name of "Papas peruanorum," and stated that it had then spread throughout Germany. Recommended in France by Caspar Bauhin, the culture of the tuber rapidly extended in 1592 throughout Franche Comte, the Vosges and Burgundy. But the belief becoming prevalent that it caused leprosy and fever, it underwent an ordeal of persecution from which it did not recover until three-quarters of a century afterward.

Free of Contagion

Health Officer Miller is breathing easy once more. The last two cases of scarlet fever were released from quarantine today and the only masle cases are those that are making the rounds of the children of the same families. There were 23 cases of measles in one school room in the city—no wonder there was a general skidoo.

Night in Prison Not in Hotel

A well known young Coshocton man and a young married woman of this city were haled to the city prison Tuesday night, an officer having taken them from one of the leading hotels where they had registered as man and wife. The proprietor surmised all was not right and called the police and had them put out. He declined to file any charges. They spent the night in cells.

Physician Finds Eczema Cure

Prescription of Dr. D. D. Dennis Heals Skin—Many Cures Reported

The medical world is stirred by the great number of eczema cures now being effected with the method discovered by a prominent skin specialist, Dr. D. D. Dennis of Chicago. Several years ago Dr. Dennis announced to the medical world that the skin is diseased it is diseased the skin is diseased, it is curable through the skin alone, and that if the patient is in good health otherwise, it is nonsense to dose the stomach of a person suffering from eczema, psoriasis, or any kindered ailment.

Dr. Dennis compounded a prescription of vegetable mixtures, perfectly harmless, soothing and refreshing to the skin, and quickly eradicating the disease. This prescription has now been put up in bottles and may be secured direct from drug stores.

Many wonderful reports have been coming in from all parts of the country and some right from this city as to the remarkable cures effected by Dr. Dennis' prescription, especially hen it is used in connection with D. D. D. soap. This paper is able today to print the following:

The D. D. D. Prescription may be had at C. E. Anderson's drug store. Call and investigate—no one is urged to buy

Sailors' Side Lines.

"Every sailor has a side line," he said. "Many an old shellback makes more out of his side line than out of punching sails and chewing ropes. Watch 'em come aboard for a long voyage. Here's one with a camera, plates and developer. He'll snapshot spouting whales, icebergs, porpoises, wrecks, anything of interest that turns up, for such pictures sell to magazines and newspapers, and he'll photograph his mates at so much a head. Here's a man with $5 worth of fine wool. He'll knit it all up into ladies' shawls during the voyage. With his skillful work he'll change it into $50 worth of wool. The tattooed chap has a chunk of ivory. He'll carve it into little ships. He's very handy that way. The bow legged feller darns stockings and patches clothes. The cross eyed one shaves and hair cuts. S.S.S. PURIFIES THE BLOOD

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs, impurities and poisons. As long as it remains uncontaminated we are fortified against disease and health is assured; but any humor or impurity acts injuriously on the system and affects the general health, or culminates in some special blood disease. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid, or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood diseases that continue to grow worse as long as the impurity or poison remains in the circulation. Some persons are born with an hereditary taint in the blood and we see the effect manifested in various ways. The skin has a pallid, waxy appearance, the eyes are weak, glands in the neck often enlarged and usually the body is not fully developed or strong, because it has always been fed on weak, impure blood. In all blood troubles S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S. It removes every particle of taint, [illegible]

Finley Seems Shy on Fees

Columbus O., Feb. 13—State Oil Inspector Finley may be called upon to explain the apparent falling off in fees of his office. There have been comments along this line for some time and now it is said that the matter may be taken up formally with the governor by critics of Finley.

There were formerly two state oil inspectors and their fees, which were retained by them under the then existing law, were said to amount to about $15,000 a year each. The last legislature abolished one of the inspectorships and placed the one remaining inspector on a $2500 salary the expectation being that the state would get about $25,000 per year out of the fees. Finley's partial report indicates that the net [illegible] of [illegible]

MYSTERY OF THAT LAST WEEK CLEARED

Just as The Age goes to press Mrs. Ree Adams has testified that Cora Benell told her that Kelly Miller was paying her board at John Felton's (not Phalons) on South Lawn avenue, the last week she spent in Coshocton and that Miller visited her almost every night.

The inquest of Coroner Lear into the cause of the death of Cora Benell began in the office of Prosecutor McDowell Wednesday afternoon at one o'clock. It is likely that there may be several sessions The father and stepmother of the Benell girl were in town Wednesday morning but did not attend the inquest. It is said they will be called before a later session. Dr. Kitsmiller the attending physician in her last hours, was not called.

Mrs. Howard Wolfe was the first witness. She testified that Cora had worked for her as a domestic from Nov. 4 to Dec. 12, last and that Kelly Miller had paid frequent attention to the girl, being her "steady company" and only male caller. The girl did not say they were engaged. He would stay till about 10 or 10:30. The girl's health was poor, being ill part of the time with female trouble.

Miss Annie Adams of Fresno, the dead girl's bosom friend, was also called for Wednesday's session and was sworn.

It is reported to The Age from Fresno that the dead girl, after having made her signed confession to Dr. Kitsmiller implicated Miller as the man who had caused her trouble, that she turned to her friends and said she was sorry she had told, and thus broke her pledge.

It is generally thought in legal circles that Miller cannot be held on the charge under which he now rests, paternity, but that he will be held on the more serious charge of abortion.

It developed from Mrs. Wolfe's testimony that Cora Benell stayed during that last week or ten days which she spent in Coshocton, concerning which there is so much mystery, at the next to the last house on South Lawn avenue on the right hand side going south. Mrs. Wolfe did not know the name of the people but it was said to be Phaton.

Miss Annie Adams is 22 years old and works at the Fresno glove factory. She is a niece of Infirmary Director Adams. She met Cora Benell a year ago at protracted meeting. She told of the night last month when Cora came to Grant Caton's home. The two girls slept together and Cora told Miss Adams she and Kelly Miller would be married in the spring "if nothing happened.' Not one word was said of any illicit relations with Kelly. Miss Adams said she never suspected Cora's true condition until Sunday morning. She aid nothing to anybody about it. Cora never told her what wa wrong even jut before he died. Miss Adams said Cora often talked about Kelly and telephone messages were received from him over Daugherty s 'phone next door, a young lady of that family telling Miss Adams what Kelly said, but he never came up and Miss Adams never saw a single letter from him.

The testimony of Dr. Kitzmiller taken at the hearing before Squire Geese will be used for the inquest so that he will not have to give it all again

Mr. and Mrs. Joseph Benell left at noon for their home near Fresno to bring back Lucy Adams and the inquest was delayed until their return late this afternoon.

Mrs Michael Denzer was also summoned to testify at the inquest.

It is said that Cora Benell consulted several different doctors while she was in Coshocton.

Coshocton Lost.

For the first time in the history of the Uhrichsville polo team, they won from Coshocton Tuesday night, by the score of 2 to 1. It was a close game from start to finish, and the large crowd which attended was delighted.

No goals were caged in the first period In the second period, the ball was in a scrimmage near the Uhrichsville cage, and Perry drove it straight to the Coshocton goal. The ball bounced, and struck Smythe's shin guards, but passed on through. Reed could not see it on account of Smyth being so close, and it fell into the cage. Time 8:11. Perry also caged the second goal in this period, time 2.48.

After 6 minutes and 11 seconds hard playing in the last period, Barker succeeded in landing the ball in the drapery of the Uhrichsville cage. That was the only goal made in the period.

Rushes, Thompson 2, Heath 4.
Stops, Reed 22, Browning 53.

Newark Player Coming.

The Newark American is authority for the statment that Sweetzer, their star polo player, is coming to Coshocton. It goes on to say:

Sweetzer has been with the locals most all season and has won many warm friends by his earnest and successful playing and it is to be regretted that he will not stay longer. He is now employed at the Newark Furniture company's store as clerk. His home is in Logansport, Ind. where he will return this week. His work with Newark has attracted the attention of several managers in this circuit, but Sweet has remained loyal to the Newark management throughout Coshocton, however, has made him such a flattering offer that he cannot turn it down, and next season he will go that team as goal tender.

Wants to be Umps.

A letter was received Tuesday by President Carr from George A. Brown, of Utica, N. Y. asking for a position as umpire. He is also an amateur player.

Ahead of Airship.

A. S. Donaldson is rapidly closing out his second hand store, and in a few days will enter some other line of business. He has not completed his plans yet, and refuses to state what that business will be. It is rumored, however, that he will act as advance agent for the Air Ship Co. of which he is a member, when they start to tour the country. He will remain in the city for the present.

For Bridge Company.

Will Handles who has been visiting at the home of his father here for several days, left this mornig for Brookville, Pa., He is employed by the Canton Bridge Co.

Burial at Plainfield.

Mrs. Barbara Kohl died at her home in Strausburg Tuesday and will be buried at Plainfield Thursday. The funeral services will be held at the Methodist church. P. P. Kohl of Brink Haven was in the city this afternoon on his way to Plainfield to attend his mother's funeral.

lyn Nesbit charged that she had suffered the grossest cruelties at the hands of Harry K. Thaw is said to be in the hands of the district attorney. Contrary to the belief of the young witness that it had been destroyed in her presence, it had been jealously guarded by Attorney A. H. Hummel, who, after a secret conference with the prosecutor, turned it over to him. This is regarded as the greatest piece of evidence in the possession of the state. Evelyn Nesbit Thaw testified that the accusations were conjured in Hummel's brain and that she was forced to sign the paper at the dictation of Stanford White. The lawyer declares her sworn statement was false in every particular, and has volunteered to turn over to Mr. Jerome witnesses who will swear that after Evelyn Nesbit left Thaw in Paris and returned to New York, that, instead of the architect pursuing her, she threw herself into his arms and vol- [illegible]

Resolutions

The following resolutions upon the deah of Lloyd Pocock have been prepared by the members of the Coshocton County Agricultural Society of which Mr. Pocock was a member:

"On January 18th, 1907, death again invaded our ranks and carried to his long rest one of the most faithful old members of The Coshocton County Agricultural Society.

Mr L W Pocock was born in Coshocton county in 1847 where he spent his entire life in a useful, gentlemanly and upright manner. He came to Coshocton about 34 years ago where he spent about 10 years as a merchant and for the last 15 years he has been in the livery business where for his faithfullness and strict attention to the wants of the people he has received nothing but praise

Mr. Pocock was elected secretary of the Agricultural Society in 1879 and served for 13 years. In 1898 he was again elected a director of the society and was a member at, the time of his death.

Therefore be it resolved: That the city has lost a most excellent citizen, that the family has lost a good, loving, faithful husband and father, the Agricultural Society an old and earnest member and the people a most valued servant.

That this memorial be put upon the minutes of the Society, that a copy be given the county papers and one to the family of the deceased.

COUNCIL

Continued from Page One

neer take the matter up with the board of public service, determine just where the street line is and report to council what further action be taken. Mr. Wisenburg made a motion to this effect and all voted aye.

Other New Sewers

Fifth came the resolution for sewers on Hamilton and Wilson avenue and Ninth street. There were not enough members present to suspend the rules, a three-fourths vote being required so nothing further than reading the resolution could be done.

Eleventh Street

Sixth, the ordinance to open up Eleventh street from East Main to Chestnut streets was given its first reading.

Grade on Third Street

Seventh, the ordinance was read embodying the work of Engineer Fisher on Third street to establish the grade of that street. Mr. Fisher explained that while he had only been instructed to fix the grade from Chestnut to Walnut street he had fixed it from Sycamore to Mulberry streets to prevent trouble in the future. The grade is already established south of Mulberry. Council approved Mr. Fisher's action and the ordinance was given its first reading.

Eighth, the estimates of Engineer Fisher for sewers on Hamilton and Wilson avenues and Ninth street were read His estimate for Hamilton and Wilson avenues is $1,800 and for North Ninth street from Locust to the north end of Ninth is $860.58.

Seth's Raise.

Ninth, came the ordinance to raise Officer Decker's salary from $40 to $50 per month by amending an ordinance passed January 24, 1905. It provides that he shall take care of all the offices at the city building, drain the fire hose and give fire alarms and act as special police. The term of office is two years. The ordinance was given its first reading only.

Street Repairs in Air.

Tenth, Clerk Karr read the correspondence received from R. N. Kirk concerning the proposed machine to repair the asphalt paving. The machine can be purchased but the material is not available and a damper was therefore put on the project.

Council adjourned at 8:15.

K. P's. Act as Hosts Tonight

The Coshocton Knights of Pythias will greet in royal fashion about a hundred knights from Dresden, Newcomerstown, Uhrichsville, Dennison and Newark this evening. The Coshocton Imperial band will meet No. 32 which will bring the Dresden team and delegation and wil lescort them to the hall. Eight candidates are to be initiated and a sumptuous banquet will follow.

There are 54 members in the Dresden team and they will put on the amplified work tonight initiating a class of seven into the rank of knight. It is expected that 75 will come from Dresden and about 25 from Newcomerstown.

Another Breakdown.

The west bound package local on the Panhandle, due here at 7:30 o'clock in the morning, was about 6 hours late today. The delay was caused by the engine breaking down at Port Washington. The cause of the break down could not be learned but a new engine was sent from Dennison to pull the train.

MILLIONAIRE COUNT A COUSIN OF MRS. M'CABE

Count John A. Creighton, a first cousin of Mrs. E. A. McCabe, of this city, died at Omaha, Neb., last Thursday. The following dispatch has been received from Omaha:

The last will of the late Count John A. Creighton, who was a native of Licking county, O., has disappeared and all efforts of the executors to find it have been unavailing. A will made three years ago has been found but as Count Creighton, since this will was drawn, has disposed of much property, including a mine worth $5,000,000 and as none of this property is accounted for in the will just found the executors are sure another will is in existence.

He was a civil engineer and went west in 1856 as an assistant to his brother Edward Creighton, who controlled the Pacific Telegraph Co. He was engaged in railroad building and mining where he laid the foundation for his immense fortune. He has relatives in Dayton, Columbus and Coshocton, Ohio. On his seventy-fifth birthday he donated a half million dollars to Omaha university. He gave large sums to churches and charities and for his philanthropic acts was in 1895 made Count of the Holy Roman Empire by Pope Leo XIII.

on the current. The body quivers spasmodically and then settles back. It is over. Justice, as the world knows it, has been done.

Hear The Current

But back in the annex, just separated by a stone partition from the death chamber. The wires leading to the chair from the power house go between the walls, and when the current is turned on, the men back in the annex—Ben Dickerson and his mates—can hear the thrum of the current, akin to the noise of the starting of a trolley car. They know what it means and they shudder. They almost feel the icy hand of death on their brow. It is a question of who will be next.

Between Thursday night at dark and dawn of Friday, Ben Dickerson will undergo this grewsome experience—his first one.

THIRD SUIT VS. HARVESTER CO.

A third suit against the Farmers' Co-operative Harvesting Machine Co., for equitable relief and injunction was filed with Clerk McBane Tuesday night. The plaintiffs in this suit are Melville C. McCormick and others. The Peoples' Bankig and Trust Co. is also made defendant, as the bank holds notes and other papers in controversy. Judge Donley has granted temporary injunctions in all three of the cases, two having been filed Monday by J. W. Stanton and others and S. C. Kissner and others. In each suit a receiver is asked for the company being declared to be insolvent by the plaintiffs. Voorhees & Voorhees and Pomerene & Pomerene represent all the plaintiffs.
